

Father God, I (we) come before you now and I (we) step into Jesus by faith, I step in through His blood, and I (we) come boldly before your throne to obtain mercy and grace in my (our) time of need.

I (we) ask that You dispatch the Angelic hosts with court summons to call into your Courts of Heaven every guard and warrior (by whatever titles they are known in the natural and spirit) who have been assigned to destroy my life and my bloodlines throughout the generations. They have received a mandate of hell to destroy our destiny.

- I (we) request that You summon the Captains of the Guard who are mandated to kill me (us) for doing the work of the Kingdom.
- I (we) ask that You summon the Warriors and Guards working against me (us), all I (we) have, all I (we) do, and all I am destined to do in the future.
- In Jesus name I (we) request You rescind their authority to act against me (us). Break their assignment of the sword and murder against me (us).
- I (we) ask that You summon every other guardian who is in the back-up plan with secret orders against me (us) should the original plan fail.
- I (we) ask that You summon the rulers of the occult and the territorial entities of darkness that have been working through our bloodlines as a result of profane worship.
- Bring them into Your Courts, bind them with chains and fetters of iron and gag them. May they receive Your judgement and be sent to their prison cells. I ask for an execution order to be issued against them on my behalf because they have touched your anointed.

I (we) release total forgiveness to those in past generations who opened the doors to these principalities to harm my family and myself.

Send your angelic host to protect everything I am, everything I have, and everything I do.

I request a shield of invisibility to surround me (us) front, back, top, bottom and on every side.

I request the sound of heaven to be released wherever I am so the enemies of Your Kingdom may only hear the ambient sound of vacant space. For my life are hid in Christ in God. Jesus is my Shield and Fortress. I take out divine life insurance in His Blood against all forms of tragedy, accidents, diseases, violence and persecution.

In Jesus Name, I pray
