

Preparation Prayer

Father, I thank you for the authority that you have given me. I take authority over the dark watchers, scouts, and sentinels. I call for the angels to fill their ears with wax where they cannot hear the plans and strategies that the Lord is giving this day. I command their tongues to be stuck to the roof of their mouth, so they cannot send forth an alarm, warning, or any signal to the enemy's camp. I call for great darkness to cloak their eyes, so they cannot see their hand in front of their face. They grope in darkness. I loose confusion and chaos over them. I call for the angels to escort them to their prison cells. I decree they will not be missed or replaced by the changing of the guard in the enemy's camp.

I take authority over the distant viewers and hearers of the human agents of darkness who would attempt to disrupt our court proceedings today. I call for the angelic hosts to protect the software, the internet connection, the electronic equipment of each participant, the sound waves, and the light waves. I decree that the shield of invisibility is surrounding each of us – front, back, top, bottom and on each side. I decree the enemy can only hear the ambient sound of vacant space. Our lives are hid in Christ in God. He is our shield and fortress.
