

## *Strategy for Using Silencing the Accuser*

Everyone should have the book *Silencing the Accuser 3rd Edition*, available at [www.silencingtheaccuser.com](http://www.silencingtheaccuser.com) or [www.lulu.com](http://www.lulu.com)

When you begin using the book, read through it and watch the corresponding video. Then fast and pray asking the Lord to give you wisdom on the issues that you are facing. Pay attention to the history of your family and the sins of your nation and how they could be affecting your life. There are verdicts of hell over nations and churches that would impact your life and the life of your family.

This is a journey and will require you to press into the Holy Spirit for your freedom. I call this bulldozing work. I really cannot help you with this process. It is too exhausting for me to take on the iniquity of the different people who ask for help. For me it is identificational repentance for the sins and iniquities of the bloodline. This is the repentance that you need to do for your family. You are able because the Jesus Christ and the Holy Spirit are with you working for restoration. Is 61.
